

7INNOV FORCE 601

ALL IN 1 DISHWASHER TABLET

ECOLABEL pending

7 good reasons for using 7INNOV FORCE 601

1. 7INNOV FORCE 601 provides efficient cleaning even in **HARD WATER*** : Effective on oxidisable stains due to the active oxygen and effective on protein and amylaceous stains due to the combined effect of enzymes. *Max water hardness: 20°dH = 35TH.
2. Adds **SPARKLE, PROTECTS STEEL AND GLASS** and **PROTECTS EQUIPMENT** (Sequestering agents soften water and prevent limescale deposits and surfactants and polymers remove deposits).
3. Facilitates **rapid** drying, aids **rinsing** and uses **salt** in association with surfactants and polymers, which facilitates water run-off from the dishes.
4. Efficient in **short cycles**: Dissolving time < 12 minutes. Zero residue after 20 minutes.
5. **Green PHOSPHATE** free formula: Plant-based surfactants, readily biodegradable tablet
6. **No** artificial colouring or fragrances: the beige colour of the tablet's exterior layers comes from plant-based binders.
7. **Concentrated formula**: 1 tablet = 1 cycle.

Particularly suitable for use in

CHR, canteens and industrial kitchens

Public buildings

For all types of dishwashers, ideal in the catering industry (Hotels, restaurants, canteens, ...), in the agri-food sector (abattoirs, dairy plants, delicatessens, canneries, etc...)

Characteristics	Instruction for use
Appearance: solid rectangle Number of layers: 3 Colour: Beige/White/Beige Fragrance free Weight: 16 gr Washing cycles from 50 to 70°C. PACKAGING: Hydrosoluble flowpack, Bucket of 150 tablets For more information, see MSDS, which is available upon request.	1 TABLET = 1 CYCLE. Only for use in dishwashers. For normal soiling: 1 tablet and a cycle of 55°C max. For very soiled dishes or very hard water: 1 tablet and a cycle of 65°C. <i>Remove food waste from the dishes.</i> Place the tablet in the tablet compartment without removing the hydrosoluble film. Regularly verify that the filters are clean. Wash hands after use. The use of salt and a rinse aid is recommended in hard water areas (>35TH/20°dH). Avoid washing in a dishwasher: old porcelain, crystal glasses, hand-painted items, gold-plated, silver-plated, wood, horn, silver, copper or aluminium. Avoid contact between silver or silver-plated items and other metals. Follow the dishwasher manufacturer's usage recommendations. Contact with fabrics can lead to discolouration.
