

# MANU 70

**CONCENTRATED LIQUID  
FOR HAND WASHING**

## 7 good reasons for using MANU 70

1. MANU 70 is a concentrated formula for quickly and efficiently cleaning all dirt such as : sludge, grease, oils...
2. Can also be used for **frequent** hand washing (offices, public buildings, hotels).
3. Contains no abrasives or solvents.
4. Contains hydrating agents (Glycerin) to better respect the protective layers of the **epidermis**.
5. Leaves the hands soft with a delicate fragrance of **grapefruit**. Creamy texture.
6. MANU 70 can be used neat or diluted up to **50 %** in water. In this case, the product viscosity increases remarkably.
7. Can be used neat or diluted.

## Particularly suitable for use in

Institutions

Services

Construction

Workshops, industries, construction sites, garages, maintenance department, public buildings, offices, administrative services...

Characteristics	SELF 980	Instruction for use
<p>Appearance: clear yellow liquid Density: 1.03 pH (pure) 7.5 Viscosity at 20°C: 1500 Cp Viscosity at 20°C diluted at 50% : 8000 Cp</p> <p><u>Storage conditions</u> In original closed packaging Storage temperature : 5°C to 40°C Use-by date : 30 months</p> <p>Tested under dermatological control.</p> <p>For more information, see MSDS.</p>		<p>Put a dose of MANU 70 in the palm of your hand. Lather well paying particular attention to the dirtiest areas. Rinse with water and dry hands well.</p> <p>Can be used neat or diluted depending on the nature and the quantity of stains to eliminate.</p> <ul style="list-style-type: none"> <li>-For very soiled hands : 1 part soap + 1 part water</li> <li>- For averagely soiled hands : 1 part soap + 5 part water</li> <li>- For hands in office environment : 1 part soap + 7 part water.</li> </ul> <p>A maximum of viscosity is obtained with a mixture of 50 % of MANU 70.</p> <p>Possible distributors depending on the packaging of the product: Self 980, Self 1500, Self 3000pompe 05 (4cc)</p> <p><u>Precautions</u> Avoid contact with eyes.</p>
