

SELEXSOLV

**PRESATURATED WIPES
FOR SAFE DEGREASING**

7 good reasons for using SELEXSOLV

1. **Eliminates** handling and storage of barrels
2. **Eliminates** rag box storage.
3. Eliminates any type of **crossed contamination** risk.
4. Reduces the risk of **spills**.
5. Reduces solvent **consumption** substantially.
6. **Reduces** VOCs and waste.
7. **Improves** working conditions for operators.

Particularly suitable for use in

Wine cellars

Industry

Electricians

For cleaning of mechanical parts in maintenance or repairing operations.
For removing oil, grease and cutting oil.
For all operations that usually need cleaning rags.

Characteristics	Instructions for use
Support: 100 % unwoven Roll with 80 sheets : 15 x 23 cm; per pouch Saturation product: Hydrocarbon solvent with a flash point 62°C. For more information, see MSDS.	Open the aluminium bag and put it in the plastic distributor. Strip the wipe from the centre of the roll and pass it through the opening centre of the covering cap. After use: Shut the box hermetically. To avoid migration of the solvent, please regularly turn the distributor upside down for a few seconds.
