

STADE LINE

SPORT FIELD MARKING PAINT

7 good reasons for using STADE LINE

1. **Preserves** the turf even after application.
2. The marked line **isn't raised**.
3. The **trajectory** of the ball won't be deflected by the line.
4. **Matt white** after drying.
5. Sprays on **easily**.
6. Excellent **adhesion** on the turf.
7. **Prevents** gradual modification the pitch due to successive layers of plaster.

Particularly suitable for use in

Institutions

For marking out white lines on soccer and rugby pitches, tennis courts, playgrounds, pedestrian circuits, diverse fields.

Surfaces: Grass areas.

Characteristics	Instructions for use
<p>Water-based emulsion paint with acrylic copolymers. Appearance: Thick fluid Colour: Matt white Binder: Acrylic copolymer Density: 1.55 ±0.05 Viscosity: 5.5 poises Dry matter volume: 39 % Specular gloss: Angle 20°: 2.5% Angle 60°: 3.5% Angle 85°: 4.9% Classification AFNOR standard NFT 36 005 - Family I Class 7 b2 Storage: protect from frost, store at a temperature lower than 40 °C Lifespan in can: 12 months For more information, see MSDS.</p>	<p>On the turf: Cut and discharge the grass. Shake the can well before opening. Add water to the paint.</p> <p>Dilute STADE LINE: - 1 part STADE LINE to 3 - 5 parts (as desired) water for the first marking. - up to 1 part STADE LINE to 8 parts water for daily marking.</p> <p>1 litre of diluted paint will mark 50 m of 10 cm wide strip.</p> <p>Cleaning equipment: with water. Clean the equipment well and soak the nozzle in water.</p> <p>Precautions: Do not apply in driving rain or at temperatures lower than 5°C. Mix the can well before using. Protect from frost.</p>
