LAVOXOL

Non-Foaming Degreaser for Automatic Floor-Cleaners

7 good reasons for using **LAVOXOL**

1. Excellent degreasing power thanks to numerous active ingredients.
2. Diluted, use on **painted surfaces**.
3. **Mixes** immediately with water and remains **stable**.
4. **Non-foaming** formula: for automatic floor-cleaners with or without brushes.
5. Eliminates all types of grease (animal, vegetable and mineral).
6. Pleasant **scent**.
7. Usable in **food industry** and **livestock farming**.

Particularly suitable for use in

Institutions | Industry | Leisure activities | F.P.I. | Livestock farming

Developed specifically for the cleaning of the weak porosity and strongly polluted floors.
Degreased livestock buildings and materials.
Used on machines with brushes, auto-washers, scrubbing brushes, floor clothes and high-pressure equipment.
Eliminates wax, auto-polishing emulsions, oil, animal and vegetable fats, in industries, workshops, administrations and food industries.
Can be use in dilution on tiling, thermoplastics, plastics, cements, cement paints.

Technical Specifications	**Instructions for use**
Contains amongst other components (regulation CE 648/2004): less than 5 % of: EDTA and salts, non-ionic surfactants. Colour: blue pH: 12.0 +/- 0.5 Density: 1.065 g/cm3 +/- 0.015 Complies with legislation on cleaning products for equipment which may come into contact with **foodstuffs** (Decree dated 08/09/1999 and its amendments). For more information, see MSDS, which is available upon request.	Is always used diluted to 3-10 concentration in warm or cold water, depending on the state of the surface cleaned. Spread or spray the solution on the surface to be cleaned, leave the product on for a few minutes, activate with a light brushing, and rinse with the clear water. To clean wax and emulsions, make a dilution of 1 volume of LAVOXOL for 5 volumes of water.
