
MEGANET

LIQUID DEGREASER FOR STEAM-CLEANING MACHINES & HOT-WATER CLEANING MACHINES

7 good reasons for using **MEGANET**

1. MEGANET is a liquid degreaser for steam-cleaning machines and hot-water cleaning machines.
2. Excellent surface **scaling** with a strong **dirt-penetrating** capacity.
3. **Inactive** on metal, plastic, aluminium, glass.
4. Does not clog the floors : Has an exceptional **anti-deposit** effect.
5. Sulphur, potassium and phosphate **free**. Doesn't contain petroleum hydrocarbons..
6. Thanks to its non-foaming property, we can monitor the degreasing operation until complete elimination of soils.
7. **Non-inflammable**.

Particularly suitable for use in

Institutions Industry Transport

For cleaning, by heat or by steam, of engines, chassis, mechanical connections, gear-boxes, trailer couplings, gears.
Cleaning of tanks, stainless steel tanks, containers.
Degreasing of concrete floors, washing operation areas and workshop floors.

Technical Specifications	**PCA**	**Insructions for use**
Composition: Hydro alcoholic solution of surfactants and alkaline salts Physical state: blue liquid Density: 1.055 pH : 13 For more information: see MSDS.		Used diluted with 1 Volume of MEGANET for 5 to 50 volumes of water depending on the dirtiness. Degreasing will increase with hot water. Spray the solution on the surface to be treated, let it take effect for a few minutes. Brush lightly to speed up penetration. Rinse with clear water or under pressure. Due to the degreasing effect of the product, please wear gloves in the case of prolonged use.
