

# NICKEL

CLEANER AND POLISH  
FOR HARD SURFACES

## 7 good reasons for using NICKEL

1. **Dry-cleaning** process for hard surfaces and bodywork.
2. **Cleans, protects and shines** extremely dirty surfaces.
3. Leaves a resistant **film** which protects treated surfaces against stains.
4. Renews exterior **plastics**. Degreases **glass** elements.
5. Easy and **economical**: only 4 wipes required to clean a medium-sized car.
6. Cleans wheel rims without affecting light alloys and varnishes.
7. Environment: reduces water **consumption** (over 150 litres of water to wash a car in an automatic car wash) ; avoids the production of waste cleaning water.

## Particularly suitable for use in

Transports

Construction

Public buildings

Auto body repair technicians and garage owners for vehicle cleaning.

Installers and tradespeople (e.g.: bay window and veranda installers, bathroom installers) for removing fresh glue residue and cleaning surfaces before signing-off the project.

Public agencies for cleaning of street furniture.

Can be used on all types of new or old bodywork paint, chrome, anodised aluminium, steel, plastic, plexi-glass, rubber, varnished wood, modern and laminated furniture.

Characteristics	Instructions for use
<p>Non-woven white wipe Dim: 200x240mm 80 wipes per box Saturation rate: 1050ml per box Solution characteristics: Colour: colourless Density: 0.805 ±0.020 Flash point 12°C Solvent odour</p> <p>For more information, see MSDS.</p>	<p>Ready-to-use single-use wipes.</p> <p>Lay the wipe flat in your hand and treat small surface areas by making light circles allowing the wipe to catch micro-particles whilst applying a film on the surface.</p> <p>Wipe with the LUSTRAGE (blue) microfibre cloth to eliminate any excess product and finish shining.</p> <p>On glass, to catch the finest particles, we recommend using a clean and dry VITRES (green) microfibre cloth so as not to leave any marks.</p> <p>A spot test is recommended.</p> <p>WARNING: not to be used by auto body repair technicians near paint booths.</p>
