SAPCO

POWERFUL REMOVER OF BURNT GREASES

7 good reasons for using **SAPCO**

1. Dissolves burnt greases efficiently.
2. **Quickly** penetrates even the thickest greases.
3. Does **not require mechanical** action.
4. Is eliminated by **simple rinsing with water**.
5. Its action is **practically instantaneous**.
6. Does not contain **phosphate**.
7. Equally efficient in **hot or cold** conditions.

Particularly suitable for use in

Services Institutions Food service trades/catering

For cleaning the inside of ovens, hotplates, grates.
Solubilizes used deep fat fryer oils.
Unblocks pipes obstructed by greases.

Technical Specifications	Instructions for use
Composition: aqueous solution of alkaline salts and potassium hydroxide, anti-rust agents and surfactant. Density: 1.290g/cm^3 ±0.020 pH pure: 14.00 pH aqueous solution at 1%: 12.50 ±1.00 Complies with legislation on cleaning products for equipment which may come into contact with foodstuffs (Decree dated 08/09/1999 and its amendments). For more information, see MSDS.	Can be used pure or diluted in proportion of 1 volume SAPCO for 5 volumes water. Spray SAPCO on cold oven sides, warm the oven up to 50-60°C. As soon as the oven is warm, stop and wipe with a wet sponge. For small materials, immerge it in a solution of 1/5 SAPCO. Leave to act for a few minutes, then rinse with water. For blocked pipes, pour 1/2l of SAPCO down the pipe; when it is clear, rinse with water. Do not use on aluminium.
